

## Sawhthing chin dan

### Sik leh sa:

- Hmun lum lam leh hnawng deuhah a tha duh.
- Ruah tui kum khata tla zat 125 to 250cm tal ni thei se
- Hmun san zawng 1500m tal ni thei se.
- 25-35 Degree Celcius
- Lei dur tha, tui luan ral zung zung theih na
- Eng mah la chin loh na hmun (virgin soil) ah a tha duh ber. Kum tin a chin na ngaiah a chin theih tawh lo
- Lei alah atha thei lo

**Kar hlat zang:** 25 cm X 20 cm ‘

### Sawhthing chi

- Chi ngai zat: 1500 to 2000 kg/ha
- Sawhthing chi chu natna leh rannung laka him dam ani tur a ni
- Sawhthing chi 2.5-5cm a sei and 28-56 gm a rit ni thei se.

- Sawhthing chi chu Dithane M 45/Bavistin/Acer/Blitox/Ridomil gm 2 tuilitre khata pawlhah emaw Bordeaux mixture 1% in 30 minutes vel chiah tur, daih hlimah pho leh tur darkar 3 -4 vel hei hian natna lakah aveng

### Mulching :

- *Sawhthing bul vel chu* hnah hring emaw, hnim ro, buh pawl te a khuh thin atha
- Lantana camara/PAR ARSI a nget van nan atha

### Rih vur:

- Rih vur vawi khatna ni 45 ling hnu ah leh vawihnih na ni 120-135 ling atangin .Rih vur hi hlo thlawh pah a tih thin tur ani.

### Chin pawlh theih thlai:

Buh, bean lam chi, Bekang, vaimin te nen awm ze nei tak in chin pawlh theih a ni Heng Tomato, alu, Hmarchate, Bawkbawnte hi sawhthing ling hma in chin loh tur, hengah te hian natna sawhthing a thlen thei ten bu khuarnan an hman thin avangin

## LEI THA PEK DAN TUR

Pek hun	Fertilizer	Dose (kg/ha)
Alel siam laiin	MOP	166
	DAP	108
Ling atanga thla khatah	UREA	66
	DAP	108
Ling a tanga thla thum ah	UREA	66

Bawngek ro tha: 250-300kg hactare khatah

Neem cake @20q hactare khatah- Nematode leh tawih natna lakah a veng.

### A seng :

- Thla 8-10 hnuah ahnah te alo eng a a lo thih tan in
- Thar theih dan tlang pui: 120-150q/ha
